Independently Published, United States, 2019. Paperback. Condition: New. Language: English. Brand new Book. The Basset Hound is a short-legged breed of hound dog. The name 'Basset' is derived from the French word 'bas, ' which translates to 'low, ' which is an obvious reference to the breeds low body. The Basset Hound's short legs are due to a form of dwarfism. However their short stature can be deceiving! Due to the length of their body, the Basset Hound is able to reach table tops that a dog of a similar size could never reach. The breed was developed to have an incredible sense of smell and therefore falls under the scent hound family of dog. The Basset Hound was originally developed to hunt hare and other small animals. It is believed that the Basset Hound's sense of smell, for tracking purposes, is second only to the Bloodhound. The breed normally has a bicolored or tricolored coat of standard hound colorations (black, white, tan and off-lemon yellow). The breed has a medium-short coat that has a hard but smooth texture. Despite the short length of their coat, the breed is known to shed frequently. The Basset Hound is known to be a highly intelligent, friendly and outgoing breed. They are also known to be gentle which makes them a perfect breed for any household with small children or other animals. Before purchasing any pet it is important to understand that as a pet owner you are responsible for the care and wellbeing of your pet. It is important to try and learn as much as you can about the animal you are considering to keep as a pet to make sure that your lifestyle, household and financial status are suited to provide your pet with the best possible care.
